

Change to Appliance and Electronic Collection

Starting October 17th, 2011, there will be a charge for curbside collection of appliance and electronic items.

The charge will be \$12 for each stop, which includes one (1) TV or one (1) computer monitor.

How do I schedule a collection?

Residents can call 617.796.1904 or go online at www.newtonrecycles.com. Residents will make payments directly to the vendor online or by mailing a check. Residents will need to schedule a pick up by Wednesday for a Saturday pick up.

Is there a limit to the number of appliance and electronic items I can put out for collection?

No! The \$12 charge per stop includes an unlimited number of appliance and electronic items placed curbside for collection. However, if you have more than one TV or computer monitor, there will be an additional charge of \$12 per unit.

Why is there a charge for appliance and electronic collection and disposal?

It is becoming harder to dispose of many household items due to the materials and chemicals they may contain and therefore require special handling.

Can I still bring appliances to the Recycling Depot at Rumford Ave?

YES! Residents can bring appliances (washers/dryers, refrigerators, freezers, water heaters, A/Cs, etc.) to the Recycling Depot free-of-charge (M-F 7:30am-2:30pm, Sat 7:30am-12:30pm)

On one Saturday a month (beginning Nov 19), we will accept all appliances and electronic items (computers, printers, scanners, toaster ovens, coffee makers, "anything with a plug") for recycling free-of-charge. There will be a \$12 charge to recycle each TV and Monitor. Newton businesses, non-profits, and private schools are welcome to use this service. Future Saturdays listed online.

Where can I get more information?

Please call Customer Service at 311 (617.796.1000) or go online: www.newtonrecycles.com
